Energy Medicine, as pioneered by Donna Eden, teaches you techniques to assist in healing and wellness. This one-year program is designed for those people desiring in-depth coursework and supervision in Donna Eden's powerful style of Energy Medicine. The goal of the program is to obtain a firm foundation in the body of work Donna has created over the past 30 years, and develop the skill levels necessary to begin using these techniques regularly in life, either with oneself, family and friends, or in a professional practice.

"Energy Medicine awakens energies that bring vitality, joy, and enthusiasm to your life -- and greater health to your body, mind, and spirit! Balancing your energies balances your chemistry and hormones, helps you feel better, and helps you think better. And it empowers you to adapt and even flourish in the 21st century."
